USE

A regenerating and hydrating cream for preventing skin aging and treating fine lines and wrinkles.

BENEFITS

Improves wrinkles, provides anti-inflammatory effects, removes active oxygen and creates smooth, glossy skin.

KEY INGREDIENTS

Sodium DNA, 7-Layer Hyaluronic Acid, Acetyl Hexapeptide-8, Botanical Complex, Centella Asiatica Extract, Green Tea, Hydrolyzed Collagen, Panthenol, Turmeric, Vitamin E (Tocopheryl Acetate)

Ingredients such as PDRN (sodium DNA), which helps improve wrinkles as the cells become healthy through collagen synthesis in the dermal tissue, and Curcuma Longa (Turmeric) Root Extract, which is known to not only improve wrinkles but also exert an anti-inflammatory effect by suppressing inflammatory mediators, help to develop smooth and glossy skin.

***Multi EX BSASM (7 plant extract ingredients)**
Centella asiatica Root Extract, Scutellaria Baicalensis Root Extract, Camellia Sinensis Leaf Extract, Chamomilla Recutita (Matricaria) Flower Extract, Rosmarinus Officinalis (Rosemary) Leaf Extract, Dipotassium Glycyrrhizate

Curcuma Longa (Turmeric) Root Extract, an ingredient extracted from the roots of turmeric, removes active oxygen that accumulates in the skin when used on the skin, helping to maintain clean skin.

It also contains curcumin, which helps suppress the production of interleukin 8, a protein that causes inflammation, and soothes troubled skin.
