BENEFITS

Improves wrinkles, firms the skin surface, promotes natural skin regeneration and prevents aging.

KEY INGREDIENTS

Sodium DNA, Adenosine, Glutathione, Hydrolyzed Collagen, Multi-Peptide Complex, Panthenol, Sodium Hyaluronate

Solution containing PDRN (sodium DNA), which helps improve wrinkles as cells become healthy through collagen synthesis in the dermal tissue, and a solid that is concentrated by rapidly freeze-drying active ingredients that help prevent dry, fine wrinkled skin from becoming rough are used to make the skin surface firm and lively.

The Aquatide (Heptasodium Hexacarboxymethyl Dipeptide-12) ingredient contained in the solution activates the Autophagy principle, promoting skin's natural regeneration and preventing aging.
