Lysonome

PRODUCT INFORMATION

PDRN Restore Green Pack

Peel-off green mask | 100 mL

50,000ppm PDRN

PAO / PERIOD AFTER OPENING

6 months

USE

A peel off mask for treating large pores and wrinkles

BENEFITS

Reduces vertical pores, removes waste, improves fine wrinkles in pores and creates glossy skin.

KEY INGREDIENTS

Sodium DNA, 7-Layer Hyaluronic Acid, Exosome (L. Rhamnosus Ferment), Green Tomato, Hydrolyzed Collagen, Multi-Peptide Complex, Soluble Collagen, Vitamin E (Tocopherol)

Contains PDRN (sodium DNA), Exosomes (Lactobacillus rhamnosus), and Green tomato extract that reduces vertical pores and removes waste, improving the appearance of fine wrinkles in pores and creating a glossy skin.

***Lactobacillus rhamnosus Ferment**
It is an ingredient fermented using Lactobacillus, one of the lactic acid bacteria, and through the fermentation process, various substances beneficial to the skin are produced.

These substances released during the fermentation process bring various effects to the skin, including soothing, moisturizing, anti-inflammatory, and antioxidant.

Hyaluronic acid, which is called a moisture magnet due to its high hydrophilicity, is extracted from the joint fluid and skin of animals and has the ability to attract moisture 100~1,000 times its weight, forming a moisture film on dry skin and keeping the skin moist.

FULL INGREDIENTS

Aqua, Olea Europaea (Olive) Fruit Oil, Polyvinyl Alcohol, Hydrogenated Polyisobutene, Sodium Polystyrene Sulfonate, Pullulan, Dipropylene Glycol, Hydroxyacetophenone, Algin, Sorbitan Sesquioleate, Cetearyl Olivate, Sorbitan Olivate, Cellulose Gum, Caprylyl Glycol, Limonene, 1,2-Hexanediol, Lactobacillus Ferment, Sodium DNA, Linalool, Disodium EDTA, Butylene Glycol, Ethylhexylglycerin, Dipotassium Glycyrrhizate, Glycerin, Polyglyceryl-10 Laurate, Tocopherol, Solanum Lycopersicum (Tomato) Fruit Extract, Sodium Hyaluronate, Hydrolyzed Collagen, Soluble Collagen, Atelocollagen, Hyaluronic Acid, Hydrolyzed Hyaluronic Acid, Hydroxypropyltrimonium Hyaluronate, Potassium Hyaluronate, Sodium Hyaluronate Crosspolymer, Sodium Acetylated Hyaluronate, Hexapeptide-9, Hexapeptide-11, Palmitoyl Pentapeptide-4, Palmitoyl Tripeptide-1, Tripeptide-1, Copper Tripeptide-1, Citrus Aurantium Bergamia Fruit Oil, Citrus Aurantium Bergamia Peel Oil, Linalyl Acetate, Pinene, Citral, Hexadecanolactone, Geranyl Acetate, Beta-Caryophyllene, Terpinolene, CI 42090, CI 19140
